

DESIGN ASSISTANCE

The following nonprofit organizations and government agencies offer design, planning, and development assistance programs to communities.

American Architectural Foundation Sustainable Cities Design Academy

The Sustainable Cities Design Academy provides technical assistance to civic leaders who are engaged in public-private development projects that will engage the community they serve and support innovative infrastructure systems and long-term financial solvency.

Number of Events per Year: 4

Program Scale: Parcel through community plan

Focus Topics: Site plans, green infrastructure and financial planning analysis, community engagement

Program Website: www.archfoundation.org

American Planning Association Community Planning Assistance Teams

The Community Planning Assistance Team initiative pairs a multidisciplinary team of expert planning professionals with community members, key stakeholders, and relevant decision makers to address challenges including, but not limited to, social equity and affordability, economic development, sustainability, consensus building, and urban design. Projects focus on localities with a demonstrated need for assistance, where planning resources and expertise may not otherwise be available.

Number of Events Per Year: 4 to 6
Program Scale: Varies
Focus Topics: Economic development strategies, transit-oriented developments, parks and waterfronts, urban design guidelines, affordable housing, sustainability plans, water management issues
Program Website:
www.planning.org/communityassistance/teams/

cnikitin@pps.org

Smart Growth America

Governors' Institute on Community Design

The Governors' Institute on Community Design advises governors and state leaders as they seek to guide growth and development in their states. The Institute brings together leading practitioners and academicians in the fields of government, design, development, and regional economics to help each state's executive team make informed choices as they shape the future of their states.

Number of Events Per Year: 4 to 6

Program Scale: State

Focus Topics: Smart growth, sustainability as a tool for rural economic development and placemaking, transit-oriented development, regional planning, transportation and land use planning

Program Website: www.govinstitute.org

Shelly Hazle
Program Manager
Governors' Institute on Community Design
shazle@govinstitute.org

National Endowment for the Arts

in partnership with American Architectural Foundation and U.S. Conference of Mayors

Mayors' Institute on City Design (MICD)

Since 1986, the Mayors' Institute has helped transform communities through design by preparing mayors to be the chief urban designers of their cities. The Institute achieves its mission by organizing sessions where mayors engage leading design experts to find solutions to the most critical urban design challenges facing their cities.

Number of Events Per Year: 6

Program Scale: Cities, projects vary in scale from 2-3 blocks to several hundred acres

Focus Topics: Urban redevelopment, brownfield remediation, waterfront design and development, transportation corridor design, transit station area design, city infrastructure

Program Website: www.micd.org
